The Laramie High School Culinary Arts team will be hosting a private fundraising dinner at Altitude Chophouse and Brewery to raise the funds to run our advanced culinary arts program, as well as attend ProStart Nationals in Washington D.C.

ProStart students competed in three state events this year, restaurant management, cake decorating, and the culinary arts competition with all students placing. Our teams won the state title in both baking and restaurant management.

We would greatly appreciate your support and the opportunity to feed you an amazing dinner prepared and served by the Laramie High School ProStart Team.

Generously brought to you by Altitude Chophouse and Brewery. Thank you for supporting Laramie High School ProStart
